Any site containing the above information must require the parent to log in with a secure (using 128-bit encryption) username and password.
2. A student's email address may be published to the secure portion of the site, which will be used only by school staff for communication purposes.
3. Usernames and passwords of new accounts will be distributed as selected on the previous page. Usernames and passwords will not be shared over the phone.
4. Each user is responsible for their individual login information and should take all reasonable precautions to prevent others from being able to use their account. This includes, but is not limited to, regularly changing the account password and not sharing the password with others. Users shall notify their teacher or building administrator immediately if a possible security problem had been identified.
5. Campus principals shall set guidelines for timely entry of grades, teacher notes, and attendance, and further expect that the BISD staff will follow these guidelines.
