Welcome: Chairperson, Shai Berry, called the meeting to order.

New Business:

Projects for 2010-2011

The committee discussed getting involved with the local Health Fair. Barbara Collinsworth suggested a school supply drive. It was also suggested that dental care and hygiene supplies could be included.

Barbara Collinsworth also suggested looking into providing information to parents about concussion testing, a simple, inexpensive device to measure reaction time. Because of its simplicity and low cost, this test may work well with youth athletes, where there is limited access to computerized testing of reaction time.

Once approved, they will begin applying for available grants. Once they have the money in hand the project will begin. The SHAC committee will decide on a fundraiser to assist the Skateboard Committee with the funds that are needed. Another community partner is the Breckenridge Ministerial Alliance.

A re-evaluation of concept and design was discussed due to new information being gathered since birth of the project. After research and speaking with several communities that have completed skatepark projects, Shai Berry informed the committee that a meeting with Brian Moore, president of SITE Design Group, Inc. would be set and announced.
